Election/Restrictions

1. The replies filed on March 22, 2007 and June 18, 2007 are not fully responsive to the prior Office Action because: Applicant canceled the elected invention leaving only non-elected claims which stand withdrawn from consideration in the Application. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.

a. Applicant's election of Group II in the paper dated June 13, 2007 is NON-Responsive.

b. If Applicant wishes to prosecute Group II, Applicant must file a **Divisional** Application. (See narrative for filing a divisional application provided June 1, 2007).

c. An amendment canceling all claims drawn to the elected invention (Group I) and presenting only claims drawn to the nonelected invention should not be entered. Such an amendment is nonresponsive. Applicant should be notified as directed in MPEP § 714.03 and § 714.05. See MPEP § 821.03.

d. Since applicant has received an action on the merits for the originally presented (elected, Group I, claims 1-2) invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 3-17 stand withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03
